**ACTIVE ODOR
DESTROYER**

82914-090 DC/12V

CE FC RoHS

OZ20B
USER MANUAL

GETTING STARTED

Using the power of ozone, the **OZ20B** is built to remove unwanted odors from your bags, totes, vehicles, small rooms, etc. Use in unoccupied spaces only.

1. Press the "1 HR" button for one continuous hour cycle or the "3 HR" button for a continuous three hour cycle.
2. To turn off before the device has completed its cycle, press the same button once more.

CHECKING THE BATTERY

Push either button once to activate the blue indicator lights.

- 4 lights = 100% power
- 3 lights = 75% power
- 2 lights = 50% power
- 1 light = < 25% power

CHARGING THE BATTERY

1. Plug the included USB cable into the power hub
2. Insert the small end of the cable into the "IN 5V" port.

USE AS A POWER BANK

The **OZ20B** doubles as a mobile charger for your devices. Simply plug in your device to the USB port on the unit and it automatically begins charging.

WARRANTY

We guarantee our product within one year of purchase. Please register at ScentLok.com/RegisterOZ. The guarantee does not cover equipment which has been damaged due to abuse, misuse or accident, such as:

- use of incorrect line voltages;
- failure to follow the operating instructions that are provided by ScentLok Technologies;
- improper or unauthorized repair; or
- fire, flood, "acts of God," or other contingencies

WARNING

This product should only be used according to the instructions in this owner's manual. If used other than what has been specified here, serious injury may occur.

The ozone unit is designed to be used in unoccupied spaces only. Upon entering a room that was treated with ozone you should ventilate the area allowing any possible lingering ozone to be cleared out.

Never aim ozone directly into your face; it may cause eye irritation or other side effects.

If entering a room where the unit was in use and the room is still filled with ozone (O_3 has not fully reverted back to O_2), it may cause mild headaches or irritation to the respiratory system. If this occurs, please exit the room immediately. If eyes continue to be irritated flush gently with water. If conditions continue seek medical attention.

Keep away from children. Do not dismantle the ozone unit.

Depending on the concentration of bacteria and volume of odor, more than one cycle may be required to eradicate odors. Always allow for proper dissipation time between cycles. Exercise caution when using ozone on items with significant elastic or rubber content. Discontinue use on rubber or elastic items if you notice degradation or weakness to the structure of the items. Do not expose safety equipment to active odor destroyers. To prevent electric shock, do not plug or unplug unit with wet hands. Do not disassemble or insert items into unit. Doing so may cause damage or electric shock.

If you have any questions/concerns, please visit ScentLok.com or call us at 800.315.5799
